Selectmen's Meeting

APRIL 1, 1986 - by VIRGINIA ARRAL
UNDERGROUND STORAGE TANK RULES
A PROBLEM, SAYS LOCAL BUSINESSMAN

Donald C. Linhares, owner of Linhares Construction Company of 19 County Road (Route 6), met with Selectmen last Tuesday as the owner of an underground gasoline storage tank and cited recent legislation making it mandatory to fill out and file forms on the tank for the local fire department and for the State Department of Public Safety.

In an explanation following the meeting, Linhares cited the law under Chapter 22, Section 14 and Chapter 148, Sections 9, 10, 22 and 37 followed by Commonwealth of Massachusetts #9 regulation of underground storage tanks. He said the law became effective February 1, 1986 and forms were sent out to the fire departments on February 10. These permits have to be refiled every five years. If the forms are not filed properly with the town fire department, you could have your permit rejected and, if all parts are not filed with the state, penalties can go up to $10,000. Deadline for filing is May 8, 1986.

At the Selectmen's meeting, Linhares said his problem stemmed from the fact that Capt. Clifford Tripp of the town Fire Department, acting on behalf of Chief Donald Wood, gave him one form to fill out. Linhares said he took exception to the fire chief's methods in delivering only one of the forms. "There might be some local business people who could have a problem filling out this form. There are 18 or 20 businesses in town that could be in trouble if they are not filed properly. I think you (Selectmen) should take a look at this."

The board agreed to have Chief Wood and the designated officer (Tripp) attend a meeting to explain the form. Before the joint meeting is scheduled, Selectmen will review a copy of the law and a copy of the forms businesses are being asked to fill out.

Selectman Frank Suzan, speaking as an employee of the Dennis Mahoney Company, Inc., said he was given the form to fill out. He said he had no problem and filled out the form noting the company has four underground tanks.

Linhares explained to Selectmen that homeowners and farms with 1,100 gallons or less are exempt from the law. He noted he has his own personal 500 gallon tank but that it is in a business zone (on Route 6), so it comes under the law. He added that the law is something new because of leaks and spills seeping underground.

"It isn't fair to the other businesses in town because of the ineptness of the fire chief not to have received all parts of the CM-9 regulations. Further, if I don't feel the Chief is working properly, I will send my forms directly to the state," Linhares said. He added the state has set up a new office in Tewksbury to handle only underground storage tank matters.

In speaking to this reporter after the meeting, Linhares said, to begin with, there are four parts that have to be filed. "I and others in town whom I contacted only received one part of the permit forms.

After checking with area towns, I found out they received a notification package with all parts and the fire department gave each permit holder copies of the notification with the forms. Although the law has been in effect since February 1, I just received one form two weeks ago."

He continued saying, after the meeting, that after the parts are filled out they are approved and given a certificate number by the fire chief, who returns the forms to the owner, who, in turn, sends them to the state. Part I is for the state Department of Public Safety; Part II with a sketch of the plot plan showing the underground tank and its proximity to any wells, to be kept by the local fire department; Part III is kept at the facility and Part IV is kept by the owner.

When contacted after the meeting, Fire Chief Donald Wood responded, saying, "The workload is such that I have to delegate work occasionally, and there is absolutely nothing improper in delegating Capt. Clifford Tripp to deliver forms to local businessmen. If Linhares wants to send his form directly to the state, that's his option."

In other business, Selectmen:

MET WITH two members of the Water/Sewer Commissioners to discuss priorities of their department in order of importance to be recommended at the May 6 annual town meeting. Charles A. Morgan and Ralph E. Wordell represented the commission.

The Commissioners felt the top priority should be given to a land purchase for a well site for $50,000. The second priority given was for sewer treatment expansion for $120,000; third priority given

town be included in the agreement with the fire department. Chief Moran states that the people who do these jobs should have some protection, and he feels that the agreement made with the fire department is a good start.

APPROVED THE RECOMMENDATION that Mattapoisett raise and appropriate the town's share of the 1986-1987 Old Rochester Regional School District budget to include $22,000 to repair a portion of the high school roof.

The committee noted in its letter to the board that the section of roof over the locker room represents a serious emergency and raises issues of health and safety that the school committee may need to address if repairs cannot be started soon.

ANNOUNCED the west side of Shining Tides from the Stone Groin to Rycroft Point will be closed to the taking of shellfish beginning April 1 until further notice, for the purpose of propagation.

Other shellfish information notes that the DEQE has approved the proposed relay of contaminated shellfish from Eel Pond to an area of Mattapoisett Harbor known as Pine Island Pond; also an order required for the closure of an area of the harbor known as Pine Island Pond.

A Special Permit for the relaying of contaminated shellfish was received from the Division of Marine Fisheries. The Selectmen are granted permission to take, possess and relay for propagation and natural purification purposes not more than 1,000 bushels of oysters from the waters of Eel Pond.

Additionally, from the Division of Marine Fisheries who conducted a survey of the sites proposed by Robert M. Field as a private shellfish grant in the Cove abutting land owned by the Field family, located at the northeast side of Brandt Island Cove, the Selectmen received a decision. The

Division concluded since the sites contain so few shellfish and have poor public access, only by boat and permission of land owners, and since the area has never been highly productive in scallops, it is the Division's opinion that the license and operation of a proposed shellfish grant will have no substantial adverse effect on the natural shellfish resources of the town.

MOMENT OF SILENCE OBSERVED

Prior to the business session, Selectmen Chairman John DeCosta called for an observance of a moment of silence in memory of Jack Sylvia, recently retired New Bedford Police Lieutenant, who died Monday, March 31, while clearing debris from the Mattapoisett River.

DeCosta said Sylvia was a personal friend and a former fellow football player at Fairhaven High School. Sylvia was chairman of the Mattapoisett River Restoration Committee and help clean the river as a joint venture as a member of the Fin, Fur and Feather Club and the town of Mattapoisett. Selectmen Frank Suzan and James Huntoon concurred with DeCosta when he said "we have all lost a dedicated worker and a friend".

QUIET TURNOUT RE-ELECTS ENNIS AND SIMPSON CONSTABLES-RETURNS JOHN N. DeCOSTA AS SELECTMAN - by Virginia Arral

With a turnout of 297 voters out of 3,410 registered voters, making 8.7 percent casting ballots April 1 at Old Hammondtown School School, Town Clerk Lois Ennis commented, "I guess those who voted are those who believe in exercising their right to vote despite the lack of competition."

William O. Simpson and R. Stanley Ennis, Sr. were re-elected constables, with Simpson receiving 225 votes and Ennis 252. Their only competition was from Richard W. Swift who received 52 votes. There were 65 blanks.

John N. DeCosta was returned to the Selectmen's office for a fourth term with 257 votes. The one new person seeking office was Melvin J. Miller, who ran unopposed for the five-year term on the Mattapoisett Housing Authority; he received 233 votes.

All other incumbents were returned to office. They are: Bruce E. Rocha, Assessor, 241 votes; Ellen M. Driscoll, Mattapoisett School Committee, 238 votes; M. C. Rosenfield, Old Rochester Regional District School Committee, 226 votes; Mary Jean Blasdale, Trustee of the Public Library, 255 votes; Richard W. Blasdale, Moderator, 258 votes; Donald C. Wood, Water/Sewer Commissioner, 257 votes; Daniel C. Lee, Board of Health, 248 votes; Wesley N. Bowman, Tree Warden, 265 votes; Lawrence J. O'Pezio, Planning Board, 222

Mrs. Ennis said this wasn't the worst turnout in recent years. In 1979, with no contests, there was a 6.3 percent voting, she said. "Slightly more voted in 1984, with 12 percent voting, because of the contest for a seat on the Old Rochester Regional High School District School Committee."

We wish to thank Susan J. Coyle, Choral Director, and the participating students of the Old Rochester Regional Junior High School, and also the students of the Plymouth-Carver Junior High for their lovely joint concert last Wednesday (April 2). Tevye, the milkman of the musical, "Fiddler on the Roof", will come to life on the stage of Center School - and so will the King of Siam and his many children.

The third grades of the school are presenting memorable scenes from the great musicals of the American stage Wednesday evening, April 9th, at 7:00.

Eight-year olds will be singing, dancing and acting in scenes from "South Pacific", costumed in sarongs and sandals, Anna and the King will dance across the stage to the tunes of the "King and I" - complete with a colorful "March of the Siamese Children".

Enchanting segments from "The Sound of Music" will be presented including "Eidelweiss" and "My Favorite Things".

An impressive rendition of "Tomorrow Belongs to Me" and "Willkommen" will open the program, and a superb scene of a wedding from "Fiddler on the Roof", sung to the music of "Sunrise, Sunset" by the entire chorus, will end the presentation, directed by Jean West and Luice Moncevitch, assisted by Patricia Sylvia and Kay Dal-

Almost everyone, boys and girls, has finished sewing the outfits that they have designed and are now involved in the staging of the production. The setting will be a little French cafe - Chez Jeannie's - come and spend April in Paris with us. It promises to be a lovely evening; this Saturday, April 12th, at 7:30 p.m. at the ORRHS Auditorium. FREEDOM IS GOOD FOR YOUR HEALTH

Freedom is good for your health because among your rights is the freedom to select the doctor of your choice. And that brings up the quality of health services you get. Nobody dictates who shall treat your body; that should be your personal decision.

To herald the importance of freedom of choice, cooperating doctors of chiropractic throughout the U.S. are contributing to the treatment of a lady who represents American freedom. She is our renowned Statue of Liberty. For every patient visit, $1.00 will be contributed by our clinic in the patient's name for the repair of this monument of freedom.

Chiropractic is dedicated to the health of America.

We received a National Citation for outstanding achievement in the program for children and youth. Every year we send 7 to 8 boys to Boys' State. That is a large amount for such a small Post. Through the kindness of many organizations and people who assist our Post, we can do this. I would like to thank Adjutant George White who heads up our Boys' State program.

City Lights will also perform. There will be a Broadway Review called "Anything Goes", and of course the popular Fado Room featuring Portuguese music and folklore. Manhattan this year was able to secure a truly great act, The Magic of Lyn and Ken who have recently performed their illusion show to audiences in the Catskills and Atlantic City.

Dick and Jeanne Greenhalgh and Al and Joan Dias, General Chairmen of BSHS Manhattan '86, assure everyone that the price of admission will turn out to be the best entertainment buy, bar none, in southeastern Massachusetts. They also noted that the long waiting lines are a thing of the past due to the guaranteed seating plan which has been inaugurated this year. Attendees will be able to select one of five different show packages and will be guaranteed a seat at each of the performances. They added that this would be a tremendous improvement in making everyone's evening most enjoyable.

Tickets can be reserved in advance by calling Bishop Stang High School at 995-8939. Tickets are also available at the following ticket outlets: Westport Dental Associates, 708 Sanford Road, Westport, and Murphy Insurance, 200 Main Street, Wareham. "Jazz singer Rebecca Parris is creating something of a musical stir in Boston", wrote Susan Wilson in the Boston Globe. She has released two albums, "A Passionate Fling" and "Live at Chan's" and received national attention with her repertoire of ballads, standards, jazz classics and selected originals. Rebecca has been performing since the age of six, when she first received her Actor's Equity card. Her father introduced her to musical theater via summer stock, which she pursued in her teenage years. That experience is readily apparent in her club and concert performances as she establishes a warm and comfortable rapport with her audience and musicians. In the New England area, she has recently opened for the Count Basie Orchestra, Ray Charles and others.

The Rotch-Jones Duff House & Garden Museum is a private non-profit organization and the Fairhaven Savings Bank program sponsorship reflects the Bank commitment to public participation in the "living" Museum located at 396 County Street. There is no admission charge to hear jazz vocalist Rebecca Parris on April 11th at 396 County Street in New Bedford. Call the Museum for further information, 997-1401.

The final concert in the "Spring into Jazz" series, sponsored by the Fairhaven Savings Bank, is the performance of the Mike Metheny Quartet on Friday, April 25th, at 396 County Street. All concerts are open to the public and begin at 8 p.m.

From O.R.R.

Mr. Dwayne Cameron, Mathematics Coordinator for the Old Rochester Regional School Distrcit, recently participated in the second annual Symposium for Mathematics and Science Educators held at Southeastern Massachusetts University. Mr. Cameron's morning session involved "New Ideas in General Mathematics" which emphasized that problem solving is also a part of the general mathematics curriculum and should not be reserved for the "gifted" students. The afternoon session dealt with "Geometrical Probability" and many interesting problems from elementary algebra through trigonometry were presented.

At 7 p.m. Auctioneer Tom Bourne of Richard A. Bourne & Sons, Hyannis, will start the bidding. More than 200 items will be auctioned off before midnight.

The variety of auction items this year is astounding. Topping the list so far (spectacular items will continue to come in right up until the week before the auction) is the once-in-a-lifetime opportunity to crew aboard the newly restored Schooner ERNESTINA when she sails from New Bedford at the end of June to the Parade of Tall Ships in New York Harbor beginning July 3. It was described by the appraiser as having "...delicacy to tapered balusters that show a greater sophistication of line than most over-worked Victorian decoration". It's a beauty!

PIANIST LIZ STORY PERFORMS IN CONCERT AT BCC

Windham Hill recording artist Liz Story will perform in concert at Bristol Community College on April 15th.

Ms. Story is well-known for her piano improvisational skills. "Everything she does on the concert stage sparkles with an ingratiating originality and style," said Mark Faris of the Beacon Journal.

The concert, sponsored by the Women's Center at BCC, will combine jazz, pop and classical music with Ms. Story's improvisational style.

Although her first teachers discouraged her from making up her own material and drilled her instead on written repertoire, Ms. Story credits her polished improvisational skills to her employment at a Los Angeles Restaurant where she had no memorized classical pieces, no music rack and

A native of Los Angeles, Ms. Story's involvement with Windham Hill began through a three tune demotape she sent to the company.

"We were getting so many tapes that many of them got the five second treatment," said Will Ackerman, the founder and president of Windham Hill. "When I started playing Liz's tape everything at the office came to a stop. The whole staff just sat down and listened."

neers in the region. The work is being done by Odyssey Contracting Co. of Pittsburgh, Pennsylvania, under the terms of a $2.4 million contract. The project should take 20 months to complete.

"Work on the roadway decks will not be allowed from May 19, 1986 to September 8, 1986, or from May 18, 1987 to September 14, 1987, to assure minimum impact on traffic," Colonel Rhen said. "When work on the decks is being accomplished, two-way traffic will be maintained at all times, although the number of lanes in any direction may be reduced to one. Concurrent closure of lanes on both the Bourne and Sagamore bridges will not be permitted. No construction activities on the roadway will be permitted on Saturdays, Sundays and legal holidays."

The Bourne Bridge repairs will include replacement of the bridge hangar cables, removal and replacement of pavement and waterproofing on the two southerly spans, replacement of the overhead lights, concrete repairs and painting of the bridge superstructure. Sagamore Bridge work will be limited to replacement of the overhead lights and concrete repairs. The cables on the Sagamore Bridge were replaced during major rehabilitation of the structure three years ago.

Bourne police officers will be on duty to assist in the flow of traffic during work on the roadway decks.

Information on travel restrictions is available on the Engineers' toll-free hotline by calling 1-800-342-8771.

Chesapeake Bay Trip

The Lloyd Center for Environmental Studies has made final arrangements for its upcoming VOYAGE to Chesapeake Bay and Washington, D.C. This VOYAGE for high school students will depart from Dartmouth on Monday, April 21st, and return on Friday, April 25th. The VOYAGE will emphasize the ecology and natural history of Chesapeake Bay, the largest estuary in North America. VOYAGERS will stay at Camp Letts on the shore of the Chesapeake. Here they will study the interrelationships of humans and the ecosystem as well as issues surrounding resource use in the Bay. Visits have been arranged to the Chesapeake Bay Foundation and Smithsonian Environmental Centers. Participants will explore the Bay by canoe and research vessel. An excursion into nearby Washington, D.C. has been planned to investigate the educational and protective role played by the federal government in environmental matters. In the Nation's capital VOYAGERs will also tour the National Zoo and National Arboretum.

This five-day program costs $285.00 per student ($275.00 for Lloyd Center members). Limited scholarships are available. Tuition for the Chesapeake Bay VOYAGE includes cost of instruction, instructional materials, meals and lodging, transportation and entrance fees. Join the New Bedford YWCA in kicking off its 75th Anniversary Year on Saturday, April 12th, from 2 to 4 p.m. at the Annual President's Tea.

Incorporated in May 1911, the New Bedford YWCA actually traces its origin to the Women's Christian Association formed in 1869 to provide services to women and girls from child care to employment. New Bedford's YWCA was organized as a "Mother's Meeting" in the mill district in 1880; it consisted of English women, the wives of workers in the textile factories and existed as a sewing society. It grew into an organized program of services for the young working women, incorporating as the New Bedford YWCA in 1911. (The Women's Christian Association dissolved in 1915, turning over their assets to the New Bedford YWCA.)
